President's Column

Fran Eckenrode, Co-President

Already in 2021 we have rung in a new year, welcomed new vaccines, and transitioned to a new federal administration with the first woman and person of color as our Vice President. There is a lot to celebrate as our country moves forward. As we traditionally do each February, LWVKA will celebrate **Founders Day in 2021**. Please plan to join the virtual celebration on Saturday, February 20, from 10 am until noon. Michigan Secretary of State **Jocelyn Benson** will join us live as our keynote speaker. Enjoy chocolate truffles from Kalamazoo's *Confections with Conviction* during the program.

The Founders Day celebration is traditionally an opportunity to invite potential new members to join our celebration and learn more about the League. This year is no different. Please invite your friends, family, and anyone you think might be interested in joining the League. In addition to the live address by Secretary Benson and the chocolate truffles, there will be sessions that highlight the work of the Kalamazoo League with a focus on volunteer opportunities. Learn how you can invest your time and talent. Look for your invitation in email and regular mail. Please RSVP to Chris Kuthe by Friday, February 12.

You will receive a survey by email or mail soon after the Founders Day celebration to obtain member feedback and offer the opportunity to make your volunteer interests known. Please take a few moments to complete your survey and consider volunteer opportunities that the League offers. Want to support League activities with your membership but don't have the time to do more? No worries, your membership is valued and appreciated.

Read on to learn more details about current LWVKA activities!

- LWVMI is calling upon Local Leagues to participate in a process-oriented study of Michigan Lame Duck Sessions. Read further to find out how to provide your input for this important work. Members can review the study here: www.lwvmi.org/member/mem_studies.html.
- The Independent Citizens Redistricting Commission (ICRC) is at work to redraw the maps for State and Congressional districts. In January, LWVMI launched an effort to discover and support Communities of Interest as part of the work of the Independent Citizens Redistricting Commission (ICRC). Local leagues, including LWVKA, are helping with this effort.
- LWVKA is partnering with *Girl Scouts Heart of Michigan* to create a virtual program for girl scouts of all ages to earn their "Women's Right to Vote" patch. The program will be March 6, 2021.
- *Defending Democracy* is the theme for the League of Women Voters of Michigan's 2021 Convention. The virtual convention will run from 6:30 p.m. on Friday, May 21, through 5 p.m. on Saturday, May 22. The 2021 convention will be fully accessible to voting delegates and non-voting members. 2021 Program of Action

Denise Hartsough, VP Program

LWVKA members from Kalamazoo, Calhoun and Kent Counties met virtually on January 23 for Program Planning, that is, to review results from 2020 and to plan League actions for 2021. Thanks to all 26 who participated!

Members focused on the five areas of LWVKA's strategic plan. Please help with the following key actions as you can, contacting the point person(s) listed.

NOTE: These actions focus on Kalamazoo County. LWVKA's Geographical Units will have plans of their own. For Calhoun County, contact Sue Rosko. For Kent County, contact Courtney Winell.

Climate Change. Convince local units of government (townships, cities) to include the words "climate change" in their work on symptoms of climate crisis. Need: League members who live in townships around the edges of Kalamazoo County. —Ruth Caputo, Aedin Clements

Voter Access. Obtain names and addresses of graduating seniors from the seven smaller school districts in Kalamazoo County so their seniors can receive an informative voter registration mailing, just as seniors from Kalamazoo and Portage Public Schools did in 2020. Need: League members with connections to the districts for Climax-Scotts, Comstock, Galesburg-Augusta, Gull Lake, Parchment, Schoolcraft, Vicksburg. —MerriKay Oleen-Burkey

Diversity, Equity & Inclusion (DEI). Offers League members a virtual DEI learning opportunity. Need: Members who will participate—watch for a notice! —Millie Lambert

Redistricting. Support Communities of Interest (COIs) in each county who wish to testify to the Redistricting Commission. Need: Team members to brainstorm and reach out to COIs. —Sue Rosko (Calhoun), Teri Chaplin, Courtney Winell (Kent), Denise Hartsough (Kalamazoo)

Housing. Provide periodic updates on results of the 2020 Homes for All countywide millage. Need: League member to read the updates—watch the Voter! —Rick Freiman 

Lame Duck Study & Consensus

Denise Hartsough, VP Program

All local Leagues in Michigan are studying the issue of Lame Duck legislative sessions and offering consensus responses to questions posed by the LWV of Michigan. Delegates to State Convention in 2019 identified Lame Duck for study so that LWVMI may decide—based on responses from local Leagues—to take a position on Lame Duck as a basis for advocacy.

A helpful study guide and PowerPoint are on the LWVMI website: lwvmi.org/member/mem_studies.html

If you do not have access to the internet and thus need print copies of the study guide and/or PowerPoint, please call Ruth Caputo at (269) 207-2815.

You are invited to three Saturday sessions to learn about Lame Duck, discuss its characteristics, and respond to the consensus questions.

Discussion Prompts

Please answer if the following aspects of Lane Duck Sessions are Positive or Negative for our state, or designate Both if you have mixed views.

1. Legislators who are not returning due to either term limits or election loss may push their pet projects.
 Negative Positive Both
2. Legislators who are not returning due to either term limits or election loss may feel desperate to get legislation passed during their tenure, and sometimes lane duck serves as their final effort to get legislation passed for their district.
 Negative Positive Both
3. Legislators who are not returning due to either term limits or election loss may have already been given a conditional offer of employment by another entity and will use lane duck to deliver a win to their future employer at the eleventh hour outside of the public committee process.
 Negative Positive Both
4. Lane Duck sessions provide an opportunity to handle emergency issues. (e.g. public health crisis, financial crisis).
 Negative Positive Both
5. Legislators who are not returning due to either term limits or election loss may no longer have to look at the long-term consequences of their actions; they are looking at their next job and may be voting with that job in mind.
 Negative Positive Both
6. When the power shifts because of the elections, the controlling party may use the lane-duck session as a final effort to push through their agenda and deliver to their donors.
 Negative Positive Both
7. Lane Duck sessions ensure continuity and an uninterrupted capacity to govern or to ensure maximum flexibility when setting legislative policy agendas and priorities.
 Negative Positive Both
8. The regular legislative process may be bypassed (this can happen anytime, albeit with more visibility when in regular session) resulting in a lack of transparency, shortened or eliminated review periods for legislators and the public.
 Negative Positive Both
9. Lane Duck sessions provide an opportunity to tie up loose ends.
 Negative Positive Both
10. A pending bill's content may be replaced or substituted, hence, undercutting any prior review (Vehicle Bills).
 Negative Positive Both
11. Legislators leaving office due to term-limits will never have to answer to the voters for any of the bad policy decisions they make.
 Negative Positive Both
12. There is decreased opportunity for public comment from citizens that may lead to over-reliance on the opinions of special interest lobbyists.
 Negative Positive Both
13. Lane Duck sessions provide the opportunity for passage of good policy bills that had been stalled throughout the term for various reasons.
 Negative Positive Both
14. The volume and speed of bills taken up during the lane duck session may deprive members of the opportunity to thoroughly read, research, and weigh the pros and cons of the bills prior to the vote.
 Negative Positive Both
15. Marathon sessions during Lane Duck can be utilized to drastically reduce the effectiveness of legislators who are present on the House floor for numerous, continuous hours and then voting on issues without proper rest.
 Negative Positive Both
16. Legislation may be pushed through without proper vetting by the committee process and legislative research staff.
 Negative Positive Both
17. Lane Duck sessions provide the final opportunity to finish legislation prior to a new session where all bills must be re-introduced.
 Negative Positive Both

Consensus Questions

 Yes No
2. Should all bills be published and available to the public for a reasonable period before a vote? Yes No

Lame Duck Consensus Questions continued

4. Should a supermajority of 2/3 of those elected and serving be necessary to pass a bill in a Lame Duck Session? Yes No
5. Would you support the elimination of Lame Duck sessions if a constitutional amendment were required? Yes No
6. Yes No
7. Should there be only record roll call votes for all bills during a Lame Duck session? Yes No
8. Would you support a rule that the bi-partisan Quadrant meet, before the November election, to compile a list of pending bills that may be addressed during a Lame Duck session?
 Yes No

 Very Surprised Somewhat Surprised Not Surprised

Thank you!

Redistricting Commission

Denise Hartsough, ICRC Monitoring Team

LWVMI's team of observers has monitored and will continue to watch every meeting of Michigan's Independent Citizens Redistricting Commission (ICRC). The ICRC is charged with preparing maps for Michigan's Congressional, State House and Senate Districts based on the 2020 Census. The ICRC has hired an Executive Director, Legal Counsel and Communications & Outreach Director, and will next select a mapping vendor.

Communities of Interest. LWVMI's Monitoring Team is helping local Leagues identify and offer support to Communities of Interest (COIs) that would like to testify to the ICRC about their desire to be mapped into a single district.

A COI is a group likely to have common legislative and community concerns based on a similarity and who would benefit from cohesive representation in the legislature or Congress. Examples of COIs include: cities with shared public transit, residents of a single school district, a state's coastal counties.

If you can help identify and support COIs in your county, please contact me at 269-599-1801 or denise.hartsough@gmail.com. 

National Popular Vote Compact

Connie Ferguson & Denise Hartsough

LWVUS has a position in favor of the National Popular Vote Compact. This is an agreement among a set of states that pledge to have their presidential electors cast their votes for the nationwide winner of the popular vote, no matter which candidate won in a particular state. This is a way around the Electoral College without having to change the US Constitution. If just a few more states join the compact, the set of states will have enough electoral votes to determine the outcome of the presidential election.

Michigan has not chosen to join this compact. When LWVUS asked State and Local Leagues to study the issue (2008-10), LWV of Michigan saw no clear consensus among its local Leagues. Therefore, LWVMI has not advocated that our State Legislature enter the compact.

Much has happened since 2010. Should LWVKA urge the LWVMI Board to reconsider its position of inaction on the National Popular Vote Compact?

Members at the Program Planning meeting decided to hold a separate meeting to discuss this: Thursday, **February 18**, 5:30-6:30pm. Please email denise.hartsough@gmail.com for the Zoom link.

**GRAND RAPIDS
MICHIGAN**

Grand Rapids Unit

By Courtney Winell

Even though this is not an election year, the Grand Rapids Unit of the League of Women Voters will remain quite busy!

We are kicking off our 2021 bi-monthly educational series on Thursday, **February 11th** at 7 pm for a presentation on how African American women, and some men, fought for the right of women to vote in the United States. **Rhonda Craig**, President of the League of Women Voters Detroit, will be our guest presenter. This presentation will walk through the roles of African Americans in the Suffrage Movement in the United States from before the 1848 Seneca Falls Convention through the passage of the 19th Amendment. There will be time for questions following the presentation. We are excited to offer this continuation of the celebration of the 100th anniversary of the passage of the 19th amendment. Additional information can be found at <http://evite.me/DBDGt4ynTk>.

Grand Rapids LWW members will be participating in the *Communities of Interest* project that is being led by LWWMI to ensure that all communities have an opportunity to be represented as the inaugural Independent Citizens Redistricting Commission draw congressional maps in 2021. If you are interested in assisting with this project, please contact Courtney Winell at winell22@hotmail.com.

Grand Rapids LWW members participated in the first post-election meeting with members of *Proactive* and other community organizations to discuss ways to continue to move voting rights forward in the community, keep community members civically engaged, and provide educational opportunities for the community. On the heels of such a monumental election with high voter turnout and engagement, we are hoping to keep the momentum going as we move forward. 📌

Calhoun County Unit

By Sue Rosko, Chair

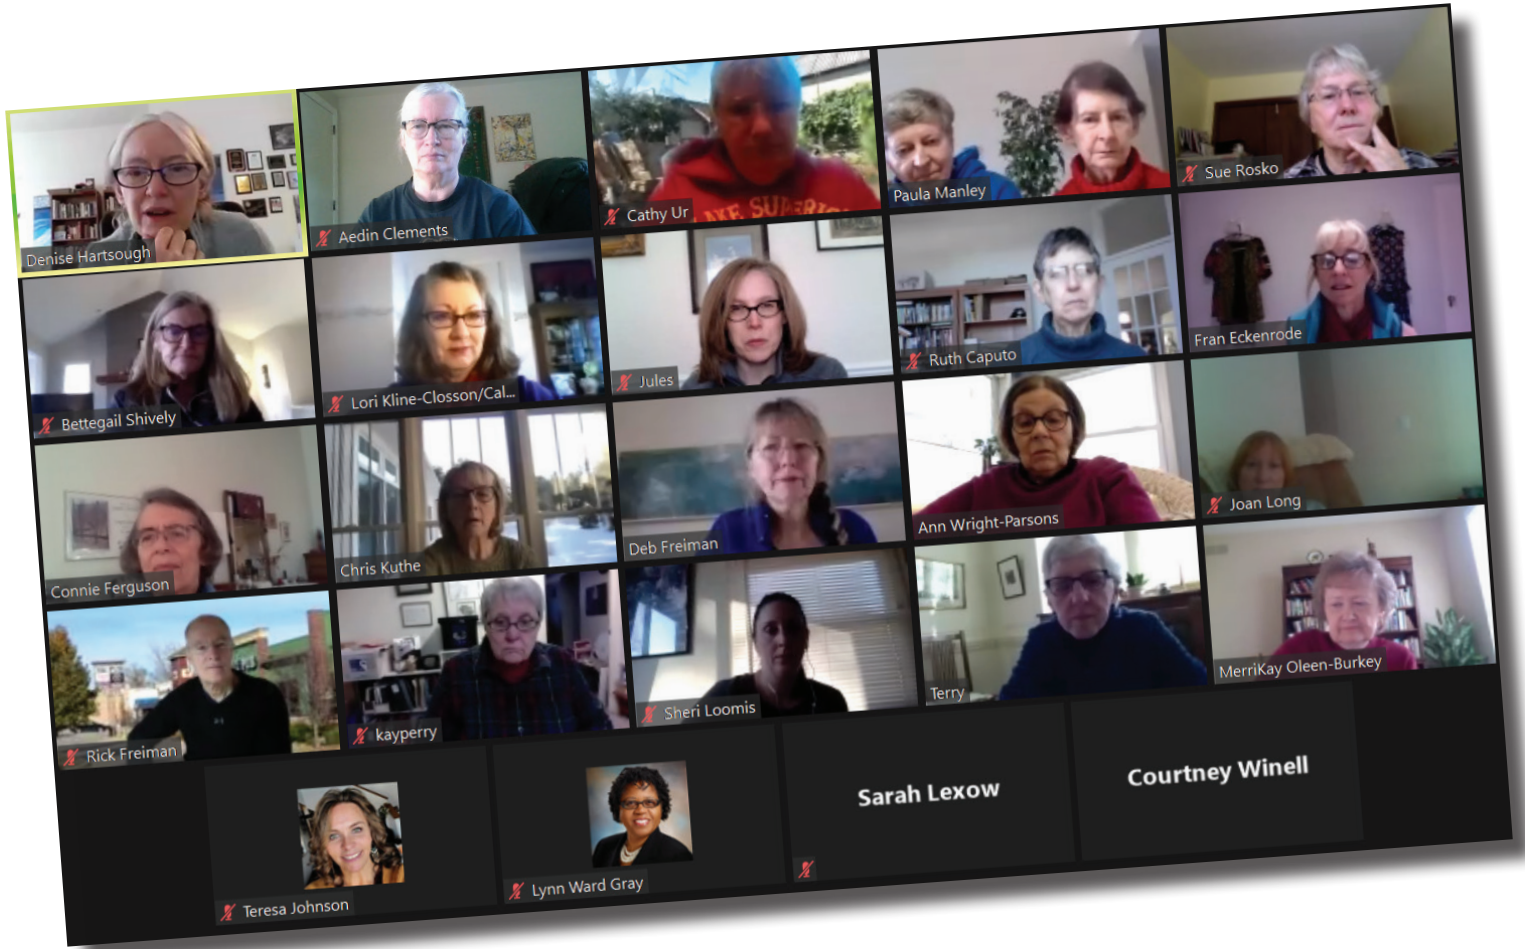

The League of Women Voters of Kalamazoo Area Calhoun County Unit will be celebrating its first year anniversary on February 12! What a busy but fulfilling year we've had! The Unit appreciates the mentoring and leadership of Paula Manley, LWWKA and LWWMI. In addition, webinars and meetings through the Michigan and US Leagues have been most helpful in guiding us. Thank you to our leaders! We are excited to continue to learn and grow.

Now that elections have come to a close, the LWWKA Calhoun County Unit is busy putting together materials for a membership drive in February. We are hoping to gain members from across the county and building a diversity in membership. Four members of the Unit have volunteered to work on the Communities of Interest (COI) project. *Voters Not Politicians* is doing a pilot project with the COI in Calhoun County so we will be working cooperatively with them once our volunteers are trained by LWWMI. In addition, we are focusing on the other projects through Kalamazoo and Michigan. The group is working on SWOT, the Lame Duck Study and studying the various programs offered through the LWWMI. We hope to increase our awareness of and understanding of the various programs and issues. Our Voter Services chair is looking ahead to plans to continue to educate, register, and encourage voters.

Calhoun is excited about Kalamazoo's Founder's Day and hope to engage members and prospective members. We're proud to call ourselves a part of such a strong organization. 📌

WELCOME
New Members!

Program Planning Participants

A BIG thank you to all 26 who participated and helped review results from 2020 programs and to plan League actions for 2021 during our January 23rd program planning meeting!
